## SUMMARY

Motivated AI and Data Science enthusiast with expertise in SQL ,Power BI, Python, machine learning, and problem-solving using data structures and algorithms. Passionate about developing AI-driven solutions and optimizing performance. Seeking opportunities to apply and grow my expertise in Data-driven projects.

## EDUCATION

**B.Tech Artificial Intelligence & Data Science - CGPA -7.77** — **Nov 2022- May 2026**
Prathyusha Engineering College, Chennai

**CSI Andrew's H.R Sec School (HLSC - 79%)** — **May 2021 - May 2022**

## SKILLS

- **Programming Languages:** Python ,R ,SQL , Java (Basic)
- **Database Management:** My SQL, MongoDB,MS Excel
- **Data Visualization Tools:** Power BI, Matplotlib , Tableau
- **Web & Development :** HTML,CSS , JavaScript , Flask
- **Data Science** :Statistical Analysis , Predictive Modeling , Storytelling , ETL
- **Machine Learning:** Data Cleaning & Preprocessing , EDA
- **AR/VR**

## INTERNSHIP

**On Client Demand** Web development(on-site) — **July 2024 - AUG 2024**

• Collecting social media data and analysis the client activities and product reach , making SEO for client requirement and Digital Marketing.

**Luminant** Data science (on-site) — **July 2025 - AUG 2025**

• Worked on Python, Machine Learning, SQL, and Google Cloud.
• Completed fundamentals in Informatica and Reltio.
• Practiced coding challenges and assessments on Hackerrank.

## PROJECTS

**Fashion Trend Prediction |** Machine Learning, Python, API Integration
Developed a machine learning model to predict upcoming fashion trends by analyzing runway images and social media data.

**Group Fund & Loan Management System** |Python, Flask, SQL, HTML, CSS
**Developed** a Flask-based application for managing group savings, loans, and EMI repayments with real-time dashboards and admin control.

**Student Feedback Analysis |** Web Development, Python, SQL
**Built** a web platform to collect and analyze student feedback using sentiment analysis.

## ACHIEVEMENT

**AR/VR Workshops | Instructor**
Guided students in learning AR/VR and Data Science tools through interactive, hands-on sessions, helping over 500+ learners explore emerging technologies.

**Google Cloud Skill Boost | Learner**
Completed the Google Cloud Skill Boost program, gaining practical experience in cloud computing, data management, and scalable infrastructure.

## CERTIFICATIONS

- MYsql
- Mongo DB Data
- visualization - Forage
- Machine Learning – Google Developer
- Data Analytics with Python – NPTEL
- Data science - cognitive class
- Informatica Tool – Official web
- Data Cloud Management – Reltio
- AR VR - Off campus
